Dear Ned:

I confirm Bobby Cutler's information to you that subject to what happens in the world and to me in the intervening period, I shall be glad to be with you on January 20, next, to speak to the Commercial Club of Boston-The Merchants Club.

At an appropriate time before the meeting, I should like to get some ideas from you as to what the Club membership might be most interested in having me discuss.

I recall our all too brief meeting last May at and hope this trip to Boston will give us the longer chance for a good talk.

Sincerely,
